

Mini OPS 12th Series

Mini PC

can be integrated with an interactive monitor

Wacebo's interactive solution for **DABLIU** monitors.

OPS PC 12th Series

OPS512-WP11 / OPS712-WP11 models

Integrate the PC into the interactive monitor, transforming it into **an unparalleled tool**

With Mini PC OPS, you can delve into an innovative educational experience and harness the power of a PC within the **DabliuTouch interactive displays**. Thanks to a dedicated slot (Intel standard) fully integrated into the monitor's structure, **seamless management of Microsoft Windows functionality** is ensured by simply inserting the OPS MINI PC into the back of the Wacebo interactive monitor. **All this without altering the monitor's design.**
